THE MILITIA BATTLE MANUAL

When the time comes that you really need the information in this book, it will no longer be for sale. The author has written it for the reasonable person who feels the need to prepare for the future. Whether you feel the need to defend yourself from our government, foreign occupation, or your damned neighbors, this book is for you. It contains chapters on organization, combat operations and all aspects related to a militia operation. 51/2" x 81/2", 207 pages, illustrated and soft cover.

Desert # 151.....~~$22.95~~.....$19.95

THE ANARCHIST COOKBOOK

Perhaps the most notorius "How To" manual on the market. This is the most asked for book that we know of. Is it any good? Well, it's now in its 44th printing since 1971. In what the author considers a survival guide, there is explicit information on the following chapters: Home preparation of weapons, electronics, use and effect of drugs ranging from pot to heroin to peanuts, and explosives (from TNT to whistle traps). This book is not for children or morons. This book is for those who feel they are able to discipline themselves on all subjects. 111 illustrations, 8.5" x 11, softcover, 160 pages.

HOW TO BUILD MILITARY GRADE SUPPRESSORS .22 TO .50 BMG

NEW DESIGN SUPPRESSOR FOR MILITARY GRADE RIFLES

Brand New!! Keith Anderson,renown for his quality suppressor books has completely revised this manual. It features a more efficient suppressor design than the previous edition and takes you step by step from raw material to a finished military grade suppressor. This suppressor works for AR-15s, .50 BMGs or other models in between. The book covers construction tools, materials and techniques. It even tutors you in the art of welding. It is a must have for serious silencer enthusiasts and if you purchased the previous edition you will certainly want this one. 5.5" X 8.5", 88 pages, illus., softcover.***Desert # 195...~~$21.95~~.....$19.95***

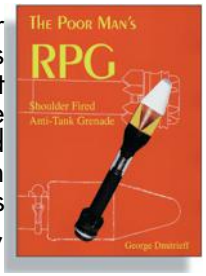
HOW TO BUILD MILITARY GRADE SUPPRESSORS .22 TO .50 BMG

— DVD Companion —

A companion to the already record breaking publication "How to Build Military Grade Suppressors." This DVD sporting the same title is the ultimate assistant for the do-it-yourselfer. Keith Anderson has outdone himself with this masterfully produced DVD. He takes the process from his famous publication and brings it to life in a way that will make the construction of military firearm suppressors easier than you could ever imagine.See the complete construction of a suppressor from the gathering of the material to its successful testing. This is a must have tool to accompany the comprehensive publication by Mr Anderson.
60 Minutes.

Desert # 9432 DVD.....~~$21.95~~.....$19.95

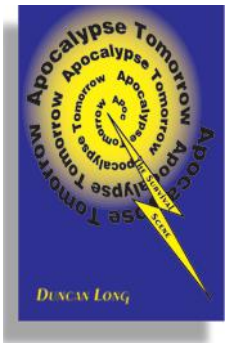
Poor Man's RPG



AUTHOR: George Dmitirieff, noted author of firearms & ammunition publications, has expanded into the area of re-enactment weapons, specifically the anti-tank grenade and launcher. He provides information and detailed instructions for those interested in building these working devices. Details are given on launch tubes, rocket motors, & warheads. Softcvr, 8"x 11", 146 pgs.

Desert # 154.....~~$24.95~~.....$22.95

Apocalypse Tomorrow



Author: Duncan Long. Now for the first time, an indepth look at the survival scene, past and present, with an eye on the future. Duncan Long reveals with accuracy and insight the history of the survival movement, chronicling its development and spotlighting those modern pioneers who were major factors in the movement.A fast moving treatise that you will have to have in your library. 8 1/2" X 11", 128 pages, photos, and soft cover.

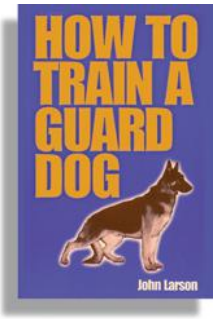
Desert # 089.....~~$14.95~~.....$12.95

The Poor Man's Ray Gun Deadly Rays

Author: David Gunn. Now it is possible for just about anyone to build and use their own little piece of "Star Wars" weaponry. This very destructive and potentially lethal weapon uses invisible microwave radiation to burn its target from the inside out. Best of all, the building blocks for this weapon are sitting on your kitchen counter. Detailed and with plenty of photographs & diagrams, you can build a ray gun that is capable of setting fire to a piece of plywood at 500 feet made only from parts in a microwave oven. $5^1/_2$"x$8^1/_2$", illus. 20 pp., softcvr.

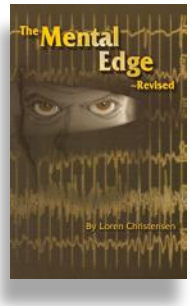
Desert # 155.....~~$11.95~~.....$9.95

How to Train a Guard Dog



Author: John Larsen - Not just another obedience training book, but a complete "how-To" guide on the selection, care, and training of security or "guard" dog. All steps necessary to develop a strong, intelligent dog capable of safeguarding your property - and even your life - are completely outlined in a simple step-by-step, illustrated manner. Subjects covered: Basic, intermediate, and advance obedience training. Attack & guard dog training, Behavior, motivation, Care , feeding, and more. 5 $^1/_2$" x 8 $^1/_2$", 108 pgs, illus., softcvr.

Desert # 168.....~~$16.95~~.....$14.95



The Mental Edge

This book contains the mental techniques that the author has found to be extremely effective in his teaching, writing, personal training, and in real-life application during his long career in law enforcement. Techniques of relaxation, self-hypnosis, and mental imagery. Even though this book is written from the perspective of a martial artist, its applications can be used by anyone seeking to develop a powerful mental edge. 5.5" x 8.5", 146 pgs, photos,softcvr.

Desert # 188.....~~$17.95~~....$15.95

Entrapment
The ATF in Action

Author: Bill Holmes. Shortly after his election in 1988, George Bush said that he envisioned a "kinder, gentler government." This is a true account of a man who got a taste of that "government". Bill Holmes, an accomplished gun maker became a victim. The CIA exploited his talents in the Iran/ Contra fiasco and then he was punished by the ATF for wanting the government to pay for his efforts.If you are one of those who thought all those horror stories about abuses perpetrated by federal agents are just that, horror stories, think again. ***"Do you think this couldn't happen to you? Do you think that a perfectly legal gun that you now own will always be legal? - Bill Holmes.*** 5.5" X 8.5"& 366 pages.

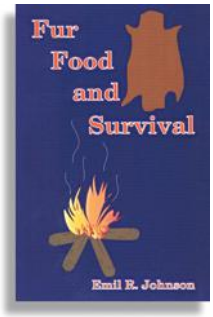
Desert # 184.....~~$19.95~~.....$17.95

Assorted Nasties
The Ultimate Handbook on Poisons & Application Devices

Author: David Harber - Here is a triumphant effort to bring back from oblivion a book that the CIA was alleged to have commissioned detailing the construction and utilization of various chemical and biological weapons. It covers a myriad of lethal materials, including those which may be cooked up in the kitchen. A major breakthrough in the realm of improvised munitions. $5^1/_2$"x $8^1/_2$", 138 pgs, illus. soft cvr.

Desert # 231.....~~$29.95~~.....$27.95

Fur, Food, & Survival
An Experts Guide to Trapping



Author: Emil R. Johnson.The most complete book ever written on the subject of trapping! Whether you trap for sport, fur or food, or if you just want to be prepared for a survival situation this text is guaranteed to be the most complete and detailed currently available, covering virtually every modern trapping method, as well as snaring and deadfall methods useful in survival situations. $5^1/_2$" x $8^1/_2$', 172 pages, illus., & softcover.

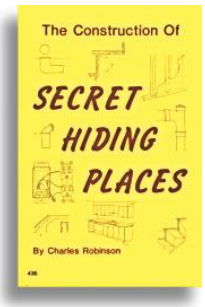
SURVIVAL & MEDICAL TECHNIQUES



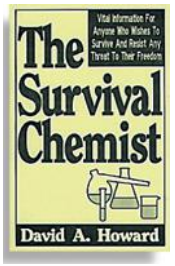
Construction of Secret Hiding Places

Author: Charles Robinson. Have you ever needed to hide something where no one could find it? Well, this is the book for you. Over 60 pages of clever hiding places large enough for guns, jewelry, and just about anything you can think of. A must have book for anyone with valuables that may need to be hidden at any time. 5 1/2" x 8 1/2", 63 pages, illus., & softcover.

Desert # 436.....~~$15.95~~.....$13.95

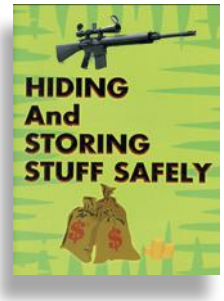
The Survival Chemist

Author: David A. Howard. The survival chemist brings survivalists important information on building and maintaining shelters, leather preservation, the making of explosives such as Dynamite, blasting and percussion powders, gunpowder, nitroglycerin and fuses. Other chapters cover water purification, survival foods, meat preservation, brewing your own beer and liquor, making poison gas, protecting against radiation, the use of drugs, and precious metals testing. 5 1/2" x 8 1/2", 59 pages, illus., & softcover.



Vital Information For Anyone Who Wishes To Survive And Resist Any Threat To Their Freedom
The Survival Chemist
David A. Howard

Desert # 059.....~~$17.95~~.....$15.95



Hiding and Storing Stuff Safely

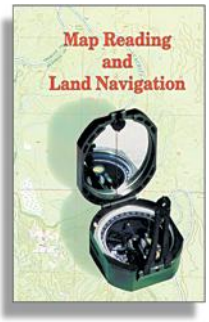
Survival depends on having what you need when you need it. The elite U.S. Army Special Forces are trained to operate far behind enemy lines for long periods of time and have developed and proven methods for long term storage of weapons, ammo, communications gear, food and other essential supplies. These methods are adaptable to your long term survival storage needs. 8.5" x 11", 42 pages, heavily illus.

Desert # 085.....~~$14.95~~....$12.95

Survival, Evasion & Escape

This is probably the best survival manual we've ever seen. Covers all aspects of emergency and combat survival. Sections include Navigation, Food & Water, Fire Making & Cooking, Survival in Cold, Tropical and Desert Climates plus Survival at Sea. This great volume also covers chapters on evading capture by the enemy and how to escape if you are captured. A must for anyone who goes outside. 5 1/2" x 8 1/2", 430 pages, photos, full index, & softcover.

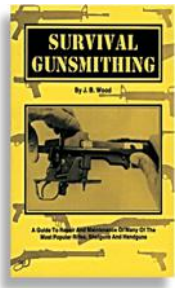
Desert # 260.....~~$19.95~~.....$17.95



Map Reading & Land Navigation

Author: U.S. Government. The purpose of this field manual is to provide a standardized source for Army-wide reference on map reading & land navigation. It applies to every soldier regardless of service branch. Part One addresses map reading & Part Two, land navigation. The appendixes include an introduction to orienteering, a discussion of several devices that can assist the soldier in land navigation & more. softcvr, 81/2"x11", 260pp. illus.

Desert # 093.....~~$19.95~~.....$17.95



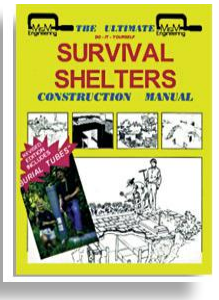
Survival Gunsmithing

Author: J.B. Wood. Everyone has his own idea of what the "ideal" survival gun is. The bottom line is that if and when the balloon goes up, most of us will have to make do with the guns we already have; not the "ideal" gun we hoped we could afford next year. Here is the book that will help you live with your old classic. 8 1/2" x 11", 91 pages, Photos, & softcover.

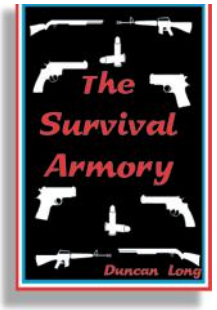
Desert # 060.....~~$14.95~~.....$12.95

The Ultimate Survival Shelters: Construction Manual

Author: M & M Engineers. The insane foreign & domestic policies of the government have brought terrorists to America with their bombs! Your only choice is to plan ahead for the inevitable. This book shows 11 different plans for your survival shelter. These are not just drawings either. They are complete plans, materiel lists, and instructions for shelters ranging from easy to build basement blast shelters to comfortable underground shelters that look like patios or gardens from the surface. 126 pages 81/2x11, soft cover, illus.



Desert # 262.....~~$24.95~~.....$22.95

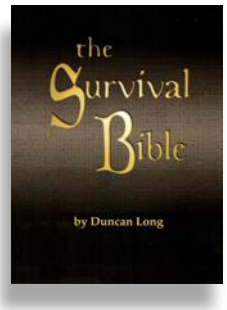


The Survival Armory

Author: Duncan Long. Time and again, whether during a major crisis or a smaller emergency, people have discovered that the only protection available is that which they can provide for themselves.
In such situations, you'll want the best firearm you can purchase. You can find all the information you will ever need to make that selection in this monumental treatise by Duncan Long. 8 1/2"x11" 270+ pages, illustrated.

Desert # 058.....~~$27.95~~.....$25.95

SURVIVAL & MEDICAL TECHNIQUES



Survival Bible

Over 200 pages of crucial information that will be an ABSOLUTE NECESSITY in the event of an economic or natural disaster. This extensive step-by-step manual provides not only a comprehensive checklist of the vital things you need to prepare for, but also gives you the in-depth nuts and bolts specifics for basic personal and family survival on a daily basis. The Survival Bible assures that you know the essential, foundation steps you need to take, the "can't-do-without" supplies you must have, and the techniques you must know so you can take care of your family. CIA Field Expediant Methods for Explosives

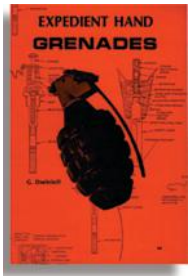
Author: U.S. Government. Methods for the preparation of lead picrate, piric acid from aspirin, and many other etract materils for use in several promising explosives. 8 1/2"x11", illus., 29pp.

Desert # 207.....~~$19.95~~.....$17.95

Expedient Hand Grenades

Author: George Dimitriff. A comprehensive guide to design and construction of both fragmentation and incendiary grenades. Types of grenades and their components are fully covered by the author, a professional ordnance designer. 8 1/2" x 11, softcover, illus., 72 pgs.

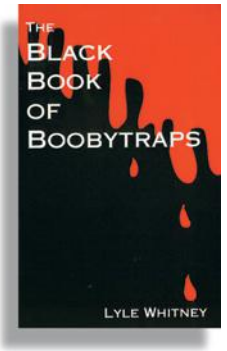
Desert # 005.....~~$21.95~~.....$19.95



The Black Book of Boobytraps Improvised Shaped Charges

Author: Lyle Whitney. A boobytrap is a warrior that jumps suddenly out of nowhere and attacks viciously. Like a religious fanatic it is suicidal: It will end its exstence in one violent act. it is fearless and invulnerable, and so, virtually unstoppable. This book will recruit that effective warrior to your cause by teaching you how the pros construct, install, use and detect the deadlyest of boobytraps. From precise, sophisticated devices to inexpensive, easily constructed, but effective, devices made from everyday household items. 51/2"x81/2", 204 pgs, illus., softcvr.

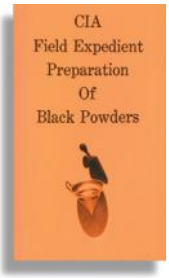
Desert # 149.....~~$29.95~~.....$27.95

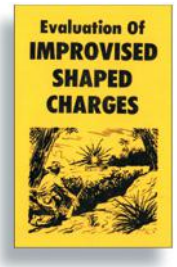


CIA Field Expedient Preparation of Black Powders

Author: U.S. Gov. Centuries after it was introduced, black powder still remains a useful commodity, both as a propellant and as an explosive. It is so useful, in fact, that in this day and age of nuclear warheads and lasers, the CIA undertook a study determine the best methods for the manufacture of black powder. 5 1/2"x8 1/2", softcvr, 32 pgs, illus.

Desert # 206.....~~$19.95~~.....$17.95





Evaluation of
Improvised Shaped Charges

Author: N/A. This is the booklet that explains the experimental program that examined the cause and effect of explosive shaped charges. It is a technical report and painstaking evaluation of the materials used and what the end factor of the explosive charge resulted in. A must reference guide. 4"x8", illus., softcvr. 45 pgs

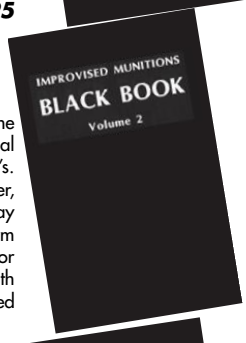
Desert # 221.....~~$19.95~~.....$17.95

BLACK BOOK Volume 1 Improvised Munitions

Author: U.S. Government. This book was the first in a series produced for the CIA & Special Forces at Frankford Arsenal in the late 1960's. The goal was to develop methods whereby CIA & Special Forces personnel could make explosives & Munitions in the field, using commonly available materials. The information was then issued in small, loose leaf notebooks to field personnel. This volume's 3 sections cover: Explosives & Propellants, Mines & Grenades, Small Arms Weapons & Ammunition. $5^1/_2$"x$8^1/_2$", softcover, illus., 145pp.

Desert # 204.....~~$17.95~~.....$15.95

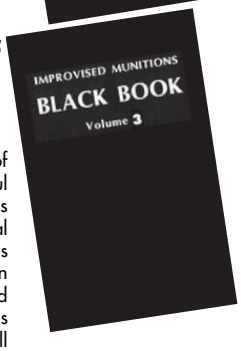
BLACK BOOK Volume 2 Improvised Munitions



Author: U.S. Government. This is the second book in the series produced for the CIA & Special Forces at Frankfort Arsenal and issued in small, loose leaf notebooks during the late 1960's. It contains such interesting devices as: Shotgun Grenade Launcher, Mechanically Initiated Fire Battle, Gelled Flame Fuels, Acid Delay Incendiary, Clothes Pin Time Delay Switch, Short and Long Term Time Delays for Grenades, Improvised Battery, No Flash Fuze Ignitor and much, much more. This book should not be confused with TM31-210, which contains only a portion of the material contained herein. $5^1/_2$"x$8^1/_2$", softcover, illustrated, 137pp.

Desert # 205.....~~17.95~~.....$15.95

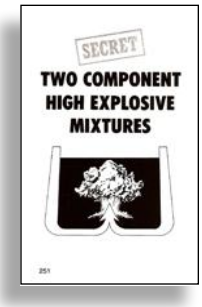
BLACK BOOK Volume 3 Improvised Munitions



Author: U.S. Gov. Until recently, the very existence of the material contained in this book was known to only a handful of people in the clandestine services. The Improvised Munitions Program at Frankfort Arsenal was phased out before this material could be issued to Special Forces & CIA field personnel. Now, it has been rescued from oblivion, professionally finished and printed in a giant, $8^1/_2$" x11" format. 40 articles in all, covering improvised explosives, weapons, incendiaries, detonators, and more! This material has never before appeared in print, is copyrighted, & will never be available from anywhere. softcvr, 162pp. illus. $8^1/_2$" x11".

Desert # 225.....~~$29.95~~.....$27.95

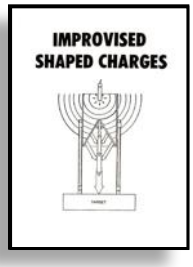
Two Component High Explosive Mixtures



Author: N/A. Yet another result of research at Frankfort Arsenal, the material contained in this volume never reached our overt and covert operatives before the program was phased out. The emphasis in these tests was to produce extremely powerful, yet easily made explosives by combining two compounds which separately were very safe to handle. One of the resulting explosives covered, Astrolite A-1-5, is the world's most powerful non-nuclear explosive. $5^1/_2$"x$8^1/_2$", softcvr, 28 pgs, illus.

Desert # 251.....~~$19.95~~.....$17.95

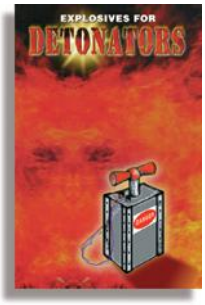
Improvised Shaped Charges



Author: N/A. A result of tests at Frankfort Arsenal, this book provides an in-depth look at how and why improvised shaped charges can be the most effective against armored targets. The construction of improvised shaped charges using Coke bottles, martini glasses, and wine bottles is covered, along with photographic evidence of the effectiveness of these charges. Even today, it represents state-of-the-art demolitions technology at its best. $5^1/_2$"x$8^1/_2$", softcvr, 28 pgs, illus.

Desert # 250.....~~$19.95~~.....$17.95

Explosives for Detonators



Author: N/A. Detonators are the heart of any viable high explosive and their reliability & effectiveness is key to successful demolition. This book was developed as a guide toward development of field expedient explosives for use in constructing efficient detonators. It covers detonator design involving the use of cartridge brass and copper pipe, primary explosives, & booster explosives such as picric acid & RDX. It is the perfect text for the advanced student of improvised munitions. 40 pgs, 5" x 8" illus. softcvr.

Desert # 220.....~~$19.95~~.....$17.95

Undetectable Hand Grenades

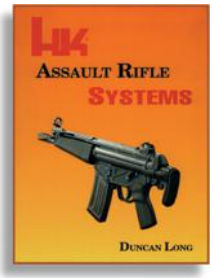
Desert # 404.....~~$14.95~~.....$12.95

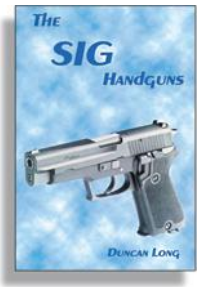
DUNCAN LONG & GUNS



HK Assault Rifle Systems

Author: Duncan Long. The tough G3 rifle and its huge number of spinoffs has long been a favorite of soldiers, policemen, and civilians alike. Well-designed and tough, these firearms are often found in the hands of anti-terrorist groups including the DELTA Force, FBI, DEA, and BATF. Now firearms expert Duncan Long traces its beginnings from the ashes of WWII to the present. Long includes behind-the-scenes looks at little-known versions of the rifle and tells how some "off the shelf" versions have proven to be better than guns specified by military purchases. Whether you're a SWAT team leader searching for a weapon to get you out of tight spots, a citizen wanting a quality self-defense gun, you'll find this book invaluable. 8 1/2"x11", 128 pgs, illus., softcvr.

Desert # 064 ~~$27.95~~ ***$25.95***



Sig Handguns

Author: Duncan Long. The Sig/Sauer name is synonymous with quality, and the handguns manufactured by this company are a perfect example of that virtue. Duncan Long has captured that quality in this first ever, specialty book on the now legendary "Sigs." He relates the history of Sig/Sauer. Then he covers the handguns, including Sig, Sig-Hammerli, and Sig/Sauer variants. Long further provides the reader with a section on accessories and the all important area of care and cleaning of the Sig. A must for all Sig owners or prospective owners. 5 1/2"X 8 1/2", 150± pages, illus., and soft cover.

Sten MK II SMG Construction Manual

The Sten MK II construction manual is a complete "how to" book utilizing kits from ARMEX, SARCI, etc. Photographs detail manufacturing procedure, blueprint receiver plans and STEN MK II RECEIVER TEMPLATE. With total construction cost of a homebuilt at about $110. academic level. 8.5" x 11", 60 pgs. illus., softcover.

Desert # 197.....~~$24.95~~.....$22.95

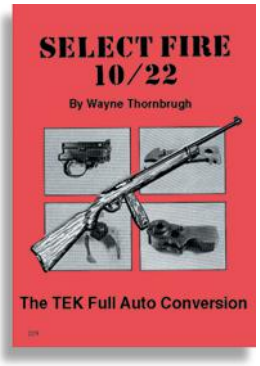
Select Fire Uzi Modification Manual

Author: N/A. The legendary Uzi has the reputation of being one of the finest submachine guns in the world, but up to now if you wanted to legally own one you had two choices: send your semi-auto out for a lengthy (and costly) period at a machine shop, then have it transferred back to you, or you could risk attempting to do the work yourself that was designed for machine tools. Now, with the information contained in this book, you can convert your semi-auto Uzi. After obtaining prior BATF approval you will have a virtually identical copy of the original SMG - & do it without machine tools. photos / illus. 8 1/2x11, softcvr, 44 pp.

Desert # 004.....~~$13.95~~.....$11.95

IMPROVISED WEAPONS & FULL AUTO

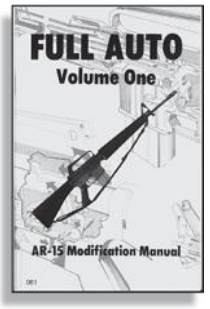
Selectfire 10/22



Author: Wayne Thornbrugh. A reliable select fire conversion for the Ruger 10/22 has eluded Class III weapons enthusiasts - until now. The TEK Gun Works conversion method described in this volume may well be the optimum design for converting the 10/22 to select fire. Additionally, it is reasonably simple when compared to other methods. Softcover, illus., $8^1/_2$" X 11" , 45pp.

Desert # 229.....~~$15.95~~.....$13.95

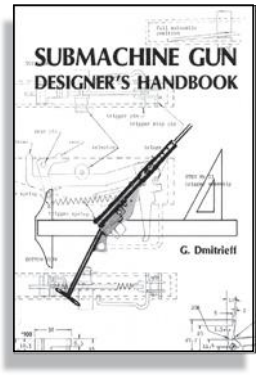
Full-Auto : AR-15 Modificaton Manual



Author: N/A. Step by step instructions for converting this popular sporting and survival rifle to full auto fire. Auto sears clearly explained with reviews of several brands. PLUS full machinist's drawings for a homemade Auto-Sear are included. $5^1/_2$x$8^1/_2$, softcvr, 32pgs., illus.

Desert # 061.....~~$11.95~~.....$9.95

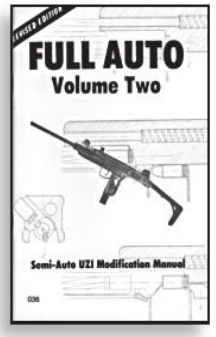
Submachine Gun Designer's Handbook



Author: George Dimitriff. This book was written to be a handbook for those interested in the design and construction of submachine guns. The first section on submachine gun history and design characteristics includes chapters on Future Trends, Historical Notes, Basic Requirements and Design. The second section covers ammunition. The final section includes working drawings of two of the most functional and easiest to build SMG's the Sten MkII and the PPSh 41. 8"x11", 94 pp., illus.

Desert # 100.....~~$19.95~~.....$17.95

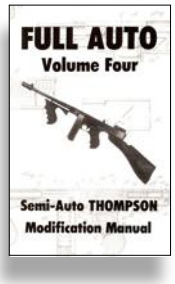
Full-Auto Vol. 2: UZI Modification Manual



Although the semi-auto Uzi for the civilian market is now a reality, full auto versions are unobtainable at any price. Now, this completely revised book offers all the information needed to convert a semi-auto Uzi to full auto fire. Two methods are shown, one for a drop in conversion to full auto only and one for a permanent conversion to selective fire. Every step is shown in large, clear photos and concise, easy to understand text. Even if you don't plan to convert your semi-auto Uzi to full auto at the present time you owe it to yourself to know how. $5^1/_2$x$8^1/_2$, softcover, 34 pp., fully illus.

Desert # 036.....~~$11.95~~.....$9.95

Full Auto Volume 4 Thompson Semi-Auto Modification Manual



Complete information to guide you through the process of conversion of the classic replicas.
5 1/2 " x 8 1/2 ", softcover, Illustrated, 24 pages.

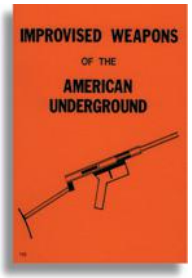
Desert # 027.....~~$11.95~~.....$9.95

Full-Auto M14A1& Mini 14

Author: U.S. Government. The complete detailed techniques of making a nearly factory original select-fire conversion to the M14A1. The conversion unit is a separate, machined art that will, with one simple modification, work on either weapon. The best feature is that absolutely NO modification or machining is required on the receiver. The stock requires a slight modification to accept the basic unit. A great way for Class II manufacturers and Police Military armorers to convert either of these weapons into select-fire is by registering the conversion unit as a machine gun. $5^1/_2$ x $8^1/_2$, softcover, 29 pp.

Desert # 114.....~~$11.95~~.....$9.95

Improvised Weapons of the American Underground



Author: N/A. This collection of original articles covers: making of nitroglycerin, plastic explosives, detonators and primers, fuses, impact ignition incendiary devices, how to use agricultural type ammonium nitrate as a high explosive, theory, design, and construction of various types of silencers, & complete plans for a home made machine gun which can be built for less than $20. $5^1/_2$"x 8", illus., softcvr.

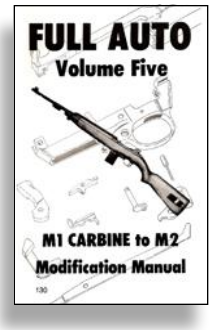
Desert # 110.....~~$14.95~~.....$12.95

ATF Warning:

The manufacture or possession of firearm silencers or full auto firearms is illegal without prior licensing from the Alcohol, Tobacco and Firearms. (ATF)

FULL AUTO & SILENCER

Full Auto Volume Five
M1 Carbine to M2



Preparation for war has the habit of bringing out the best in technological advances. In no case is this more true than in the development of the .30 M1 Carbine and its ammunition. This manual helps you convert your M1 to a full auto version. 5.5" X 8.5", 60 pgs. illus., softcover.

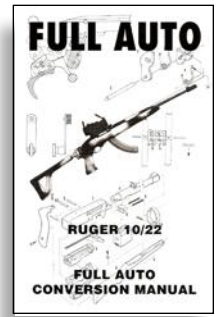
Desert # 130.....~~$11.95~~....$9.95

Ruger 10/22 Carbine
Full-Auto Open Bolt Conversion

This is the complete set of manufacturing drawings and instructions for converting the RUGER 10-22, .22 L.R. carbine into a fully automatic weapon which fires from an open-bolt. This full auto design is based upon the same principle widely used in military open-bolt submachine guns. It has been thoroughly tested, and is an exceptionally robust and trouble free design. 5 X 8, 24 pgs. illus., softcover.

Desert # 311.....~~$11.95~~.....$9.95

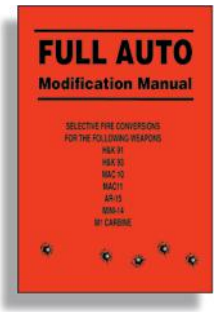
Full Auto Ruger 10/22
Full Auto Conversion Manual



The purpose of this manual is to provide the necessary instructions and manufacturing data required for conversion of the Ruger 10-22, semi-automatic carbine, into a selective fire automatic unit. When modified to the specifications given, the weapon retains its semi-automatic mode of operation and also allows fully automatic functioning by moving the selector lever into the proper position. %.5" X 8.5", & 42pages.

. ***Desert # 261.....~~$11.95~~....$9.95***

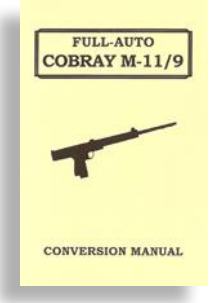
Full Auto
Modification Manual



Author: U.S. Government. Here, in one book, are the full plans and instructions for the conversion to selective fire of 7 of the most popular weapons. Includes plans for the HK 91, HK93, Mac-10, Mac-11, AR-15, Mini-14 and the M1 Carbine. $5^1/_2$ x $8^1/_2$, 71 pages, softcover, illus.

Desert # 166.....~~$21.95~~.....$19.95

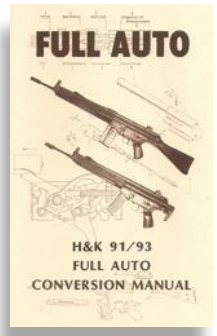
Full Auto Cobrey M-11/9



The Cobray M-11/9mm represents the most popular configuration for modern machine pistols and sub-machine guns. Manufactured by S.W Daniel, INC., the M-11 is the semi-automatic version of the very popular M-10 sub-machine gun of the same company. Featuring open-bolt action and loads of accessories, the M-11 has proven to be reliable and rugged, as well as fun to shoot. 5.5" X 8.5," 28 pages, soft cover.

Desert # 238.....~~$11.95~~.....$9.95

Full Auto H & K 91/93 Manual



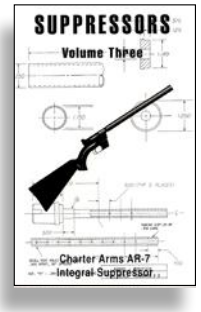
The purpose of this manual is to present the necessary engineering data, manufacturing procedures, and machinist drawings for conversion of the semi-automatic H&K-91 and H&K-93 rifles into selective-fire weapons.

In their modified condition, these weapons will function in basically the same manner as their military counterparts, the G-3 and H&K-33. Full auto rates of fire for the converted rifles will approximate rates of fire in the original, selective-fire weapons.

Minor design changes in the commercial H&K-91 and H&K-93 have made exact duplication of the military versions impractical. However, the information presented in this manual will explain and show these differences, as well as providing the information required for successful conversion 51/2x81/2, softcover, 52 pp.

Desert # 265.....~~$11.95~~....$9.95

Suppressors Volume Three
For AR-7



The purpose of this manual is to provide the necessary information, instructions, and machinist drawings for the construction of an integral suppressor for the CHARTER ARMS AR~7, .22 caliber carbine. The total noise emissions from a weapon modified to the specifications presented here will be reduced greatly when compared to a standard unmodified rifle. T.5.5" X 8.5," 44 Pages

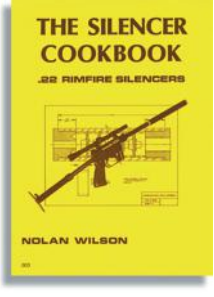
Desert # 245.....~~$11.95~~.....$9.95

Full-Auto Volume 3:
MAC-10 Modification Manual

Author: N/A. The semi-auto MAC 10 owes its popularity to the earlier, full auto version. This manual presents six different methods of converting the semi-auto MAC 10 to full auto fire. All modifications are easy and require no difficult machining operations. $5^1/_2$x$8^1/_2$, softcover, 52 pp.

Desert # 010.....~~$11.95~~.....$9.95

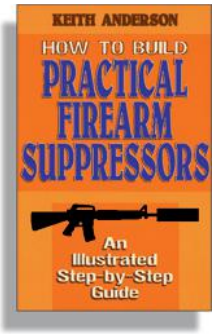
The Silencer Cookbook



Author: Nolan Wilson.Full instructions and machinist's drawings of three different .22 rimfire silencers are included, utilizing materials commonly available at the local hardware store. Unlike many home workshop designs, these actually work, and work well, having been constructed and tested by a licensed Class II manufacturer. Contrary to popular belief, silencers are legal in many areas with prior BATF approval. 81/2 x 11, softcvr, 32 pp., illus.

Desert # 057.....~~$9.95~~.....$7.95

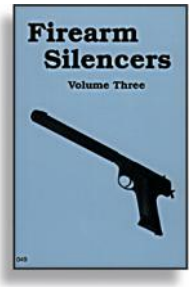
How To Build Practical Firearms Suppressors



Author: Keith Anderson.This book is written for people who have more than a passing interest in silencers, as well as those who just want something cheap & easy to build. While most of the suppressors in this book are designed to be cheap and very simple to build, they are also intended to provide a good degree of service & long lasting performance. The legal applications of silencers are numerous. Varmint hunters not wishing to scare the rest of the game away can find them valuable. Survivalist and paramilitary groups have numerous uses for them, as do collectors and enthusiasts who simply enjoy silent shooting. $5^1/_2$"x$8^1/_2$", 105 pgs, softcvr, illus.

Desert # 165.....~~$18.95~~.....$16.95

Firearm Silencers Vol. III



Author: N/A. A great book to supplement Firearm Silencers Vol. I & II, this book covers 35 different silencer designs from around the world. Included are such oddities as the King Bayonet Silencer! Especially valuable are the excellent technical drawings and photos and the accompanying descriptions & comments on the relative effectiveness of the designs. 122 pp., $5^1/_2$"X$8^1/_{2"}$, photos, illus., softcvr.

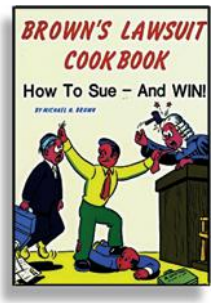
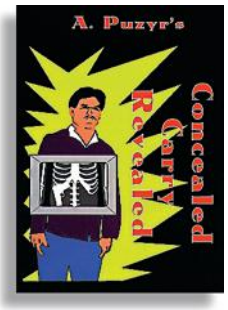
REVENGE BOOKS & OTHER SPECIALTIES



Brown's Lawsuit Cookbook
How To Sue...and Win!

Author: M. Brown. This is probably the first how to be your own lawyer book written by a NON-lawyer. There is a good reason for this. If any member of the Bar Association divulged this information he would be immediately disbarred, tarred and feathered and run out of town on a rail. If it looks like you're about to be sued you need this book, because if you know how to play the game you may not wind up in court after all. Many suits are filed just to intimidate, & a good counter suit may make them back off. 8"x10", soft cover, 202 pp.

Desert # 367.....~~$26.95~~.....$24.95



Concealed Carry Revealed

Author: A. Puzyr. Andy has done it again! This is a how-to-book about concealed carry and the use of weapons that can be concealed. He presents the subject with seven chapters including clothing for concealed carry, holsters, handguns, longarms, edged and impact weapons, and more. It's a necessity for law enforcement officers, students of criminology, security personnel & anyone concerned w/ personal safety. Softcvr, $5^1/_2$ x $7^1/_2$, 150 pgs.

Dirty Fighting

Author: A. Puzyr. Unlike formal self defense that you've learned, Dirty Fighting works. You don't have to waste a lot of time training. It requires less strength than structured self defense systems. This book is not a self defense system. There are no fixed methods of how a technique should or should not be done. Its purpose is to teach you to defend yourself by attacking your opponent using deception and surprise, accompanied by a handful of highly effective and unconventional fighting techniques requiring a minimal amount of strength. $5^1/_2$"x$8^1/_2$", 128 pgs, Illus., softcvr.

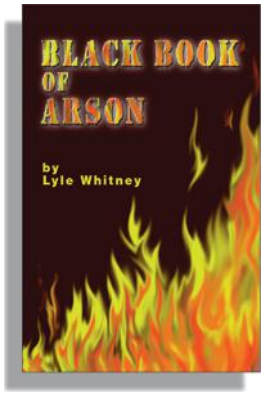
The Black Book of Arson



by Lyle Whitney Fire has been a powerful weapon ever since man first learned how to produce and control it. At the beginning of the Second World War it was generally believed that explosive bombs were more destructive than incendiary bombs, but this was proved to be wrong. In this NEW book, it explains in detail how to use fire to its fullest effect. Everything from Molotov Cocktails to boobytraps systems which incorporate the effects of fire. Extensive fire defenses are also covered. A great reference book for fire investigators! 176 pgs, 81/2" x 11" photos, softcvr.
